Service**● Post and Manage Jobs:**

Instantly advertise to tens of thousands of job seekers. For reaching bilinguals or diversity candidates, we offer the most effective tools available. Receive resumes in either text or importable XML format.

● Resume Inbox:

Keep track of all resumes submitted in response to your posted jobs.

Our one-step response function allows employers the ability of responding instantly.

● Resume Search

Easily locate targeted and qualified bilingual candidates by searching through thousands of resumes. Whether using a simple or complex query search, find the perfect candidate today!

● Auto Resume Search Agent:

Let the software do the work for you! Build and save search agents that automatically forward new resumes daily. Our system notifies employers immediately of new candidates.

● Advertise your Company:

Get higher response rates and let job seekers know you support diversity hiring through advertising. Along with being a "Premium Employer", an additional page detailing all company information and benefits will be provided. Media advertising plans are also available.

For advertising and media related inquiries, please contact our customer service department at 1-(888)-221-5375
